EDUCATION

2022

General Assembly Canada

Software Engineering

2019-2020

Conestoga College

Post-Graduate Certificate, Human
Resources Management

2015-2020

Wilfrid Laurier University

Bachelor of Arts, Health/Health
Care Administration/Management

RELEVANT SKILLS &

TECHNOLOGIES

React.js

Javascript

Python

PostgreSQL/Django

MongoDB/Mongoose

HTML/CSS

Node.js/Express.js

Git

Bash

Authentication

PROJECTS

Marvel-Movies

- Using technologies such as Vanilla JS, HTML, CSS, Express.js, Node.js, MongoDB and Mongoose, a Marvel API, and Passport.js to implement Google Oauth authentication. Users are able to create, delete, and update reviews based on a specific Marvel movie.

GitHub Link: <https://github.com/khos7990/Marvel-App>

Deployment Link: <https://marvelous-page.herokuapp.com/movies>

Grow-Together

- Using technologies such as React.js, Python, PostgreSQL, Django, a machine-learning API, and JWT authentication. This app is built for mobile-use, where users are able to upload a photo of their plant, the API will then identify the plant, and the app will recommend other plants that match with the same characteristics. Users are then able to create matches with different plants.

Deployment Link: <https://grow-together-frontend.herokuapp.com>

WatchList

- Using technologies such as the MERN stack, Chart.js, Alpha Vantage's API, and JWT. Users can add trading pairs onto their watchlist and are able to view a chart for the pair's performance.

Deployment Link: <https://traders-watch.herokuapp.com>

PROFESSIONAL EXPERIENCE

Software Engineering Fellow

March 2022 - June 2022

General Assembly Canada

- Creating Full-Stack Development projects with the MERN stack, using the MVC template. Also creating Full-Stack with Python, Django and PostgreSQL using the MVT template.

Account Services/Cash Services

September 2021 - January 2022

Royal Bank of Canada

- Processed Cash and Cheques from a variety of clients, and verified if funds were balanced with deposit slips.

Claims Analyst

March 2021 - September 2021

ClaimsPro

- Worked with TD Insurance to create and process auto claims.

One THP Support

August 2020 - November 2020

Trillium Health Partners

- Supported doctors/nurses with the implementation of a new digital modern health record software presented by Epic.
